

June 2024 | Welcoming Center

Customer Testimony

Meet our customers Martha and Liceth. Martha is from El Salvador and Liceth is from Honduras. They met in the Quad Cities and have been inseparable since.

They are a good example of sister countries where they always get things done together and help each other when needed.

This is what they had to say about our program.

"The information provided and referrals to the food pantries were a great help. We went to St. Mary Catholic Church today, and the help they provided was very substantial, enough for our two families."

Upcoming Events

SAL Community Services Welcoming Center hosts a monthly workshop for immigrants, refugees, and English language learners (ELL). Each month, the workshop covers a different topic.

In May, we had an accredited immigration representative come and provide free consultations to our customers. She was able to provide immigration advice to help customers move towards their legalization process.

The SAL Welcoming Center also hosts a monthly diaper give away for our immigrant and refugee families.

To learn more about SAL's Welcoming Center, our monthly workshops, or diaper give away for immigrants and refugee families, please call our office.

Super Saturday

We want to invite you to our Super Saturday event on Saturday, June 15, 2024.

More details will come out soon.

Here is a snapshot of our Super Saturday from 2022.
