Colorado Public Health Reporting (CoPHR)

[Main](#)[Enroll With CoPHR](#)[Immunization](#)[Syndromic Surveillance](#)[Cancer](#)[Electronic Lab](#)[Specialized Registry](#)[Meaningful Use](#)[Schools](#)[Child Care & Head Start](#)

Welcome to CoPHR!

Note: If you only want access to the Colorado Immunization Information System (CIIS) for looking up patient immunization histories then you do not need to enroll in CoPHR if your site has the required, CIIS paperwork on file. If the required paperwork is on file then complete the [General Users Login Form](#) to request access to CIIS.

Colorado Public Health Reporting portal (CoPHR) allows Colorado's health care community to register intent for Meaningful Use for the following public health programs:

- [Cancer Registry Reporting](#) for Eligible Providers.
- [Electronic Lab Reporting](#) for Eligible Hospitals and Critical Access Hospitals.
- [Immunization Reporting](#) for Eligible Providers, Eligible Hospitals and Critical Access Hospitals.
- [Syndromic Surveillance Reporting](#) for Eligible Hospitals and Critical Access Hospitals located in Adams, Arapahoe, Boulder, Denver, Douglas and Jefferson counties.

For providers registered for cancer reporting, electronic lab reporting or syndromic surveillance, this site provides:

- Online registration for Meaningful Use.
- Self-service access to registration documents.

For Immunization Providers, CoPHR provides a full range of resources to support you in using the Colorado Immunization Information System (CIIS), including:

- Ability to complete logon request forms to access the CIIS database.
- Monitor EHR Vendor HL7 pre-testing required to begin the CIIS interface process.
- Monitor progress of your organization's interface project once the project begins.
- Access CIIS training information.
- Register intent for Meaningful Use requirements.
