

Dear Physicians,

Breakthrough Chronic Care has an innovative model for you to add new patients.

We provide you a stream of new concierge patients at no cost to you.

Seeing these patients is:

- More profitable than Medicare and traditional insurance
- Will reduce your daily workload, enabling you to see only 16 – 20 patients a day
- Will reduce your stress and burnout levels

These patients have a chronic illness and are seeking a concierge level of medical advice.

By adding as few as 100 of our patients to your current patient base, you will increase your collections by greater than \$100K annually. Affiliating with this model enables you to:

- Provide comprehensive disease management
- Experience unparalleled doctor-patient relationships
- Provide superior patient outcomes
- Reduce your stress and burnout
- Earn an elite level of physician income

Practice medicine the way you once imagined

Be one of the first to affiliate with our entrepreneurial model and significantly impact the way primary care physicians practice and how chronically ill patients are treated. Become a leader in a company that is reinventing the current system.
