

WRRRA Spring 2025 Learn to Row Volunteer Opportunities!

WRRRA is looking for **experienced Rowing and Coxswain members** to help at the Spring 2025 Learn to Row sessions. WRRRA defines an experienced rower as someone who has three years of experience, is able to back a shell, and is strong enough to turn a shell by themselves from either the Stroke or Bow seat. This is to ensure the safety of our novices. Coxes need to be able to safely steer the shell away from the dock and safely return to the dock. There will be a dockmaster to assist with this. Volunteer credit will be awarded to those who volunteer:

Twelve Rowers, Four Coxswains and Two Extra Rowers are needed for each of the following LTR sessions:
