

BUSINESS PARTNER PROGRAM

2021-2022

LAFAYETTE
**PARTNERS IN
EDUCATION**
from the first day to graduation day

The Difference is YOU!

It takes the entire community to create the great schools that Lafayette is known for. Through LPIE’s Business Partner Program, we invite local businesses to invest in our schools to help maintain their great reputation.

Why become a Business Partner?

Excellent schools play an important role in the vitality of our community, help maintain high home values, and contribute to a healthy business environment. Schools and local businesses are the backbone of a strong community. By getting involved in LPIE’s Business Partner Program, you demonstrate your commitment to Lafayette public schools.

Why do our schools need community support?

The funding that the Lafayette public schools receive from the state is simply not enough. Per-pupil state funding falls far short of what is needed to provide a well rounded and robust education. Because parcel taxes and propositions do not fully bridge the gap in education funding, the investment from our community is vital.

The Difference is YOU!

What is the impact of our Business Partner Program?

Your **tax-deductible donation** will be put to work this school year to fund essential academic and elective teachers and programs, wellness initiatives and services, instructional aides, technology, STEM, art, music, and so much more.

When businesses invest in our schools, they are making a commitment to better the community for everyone. Please make the education of our Lafayette students a philanthropic priority. Thank you.
