

Cincinnati City Life

Some folks live in the country,
And it fits them to a tee.
But I live in the city and
It's good enough for me.

Cause life in Cincinnati
Holds a vast of things to do,
And depending on your interests,
Entertainment is up to you.

From Art museums to Music Hall
Whatever fits your mood,
And when you're looking for a Thrill,
Kings Island would be good.

And if you choose to see a sport,
Depending what you savor,
We've Reds and Ducks and Bengals too,
Pro golf and Tennis flavors.

If Education is your goal,
This is the place to be,
We've Xavier that's so very neat,
And best of all U.C.

And if you're raising family,
And their welfares on your mind,
You will know our friendly churches,
Are the best that you can find.

Yes, Cincinnati is so great
You'll soon just fit right in,
Unpack your bags and settle down,
And your "good times" will begin !
