The Honorable Greg Abbott
Governor of Texas
C/o Chief
Texas Division of Emergency Management
P.O. Box 4087
Austin, Texas 78773-0228

Dear Governor Abbott:

I, Craig Doyal, Montgomery County Judge, do hereby certify that Hurricane Harvey poses a threat of imminent disaster, including severe flooding, and damaging winds, in the county of Montgomery, beginning August 25, 2017. An unknown number of homes and/or business could have potential major damage and some families may be in need of temporary housing and other individual assistance.

It is my belief that the potential damage to homes, business, public works and utility systems due to the severe weather could be a public health and safety hazard. I have determined that this incident will be of such severity and magnitude that it would cause an effective response and tax Montgomery County's capability to recover and could cause need for supplementary State and/or Federal assistance. Additionally, I certify that Montgomery County will not have local funding available to make all repairs and to provide these citizens with effective relief.

Your assistance in this emergency matter, as it affects the safety and health needs of our citizens would be appreciated.

Sincerely,

Craig Doyal
