RINCÓN DEL CEO

Queridos amigos,

En abril, tuvimos el placer de presentarnos en un Almuerzo de Aprendizaje con Socios de Impacto Social, donde destacamos el éxito de nuestro programa piloto de capacitación en salud para jóvenes.

Nos acompañaron nuestros increíbles socios comunitarios, el Hospital Norwalk y Recursos Profesionales.

Puedes conocer más sobre el evento [aquí](#) y leer el [_____](#)

Mayo marca el Mes de la Concientización sobre la Salud Mental y redoblamos nuestro compromiso de apoyar la salud mental de los jóvenes. A principios de este mes, nos unimos a la comunidad en el parque municipal para el NorWALK por la Salud Mental, un evento maravilloso organizado por The Norwalk Partnership. De cara al futuro, organizaremos una [reunión especial de la Iniciativa de Salud Socioemocional \(SEH\)](#). El 21 de mayo, en colaboración con el Proyecto de Atención Plena Comunitaria. También coescribimos un [artículo de opinión](#), con el comité directivo de la Iniciativa SEH para generar conciencia sobre nuestro [Compromiso SEH](#) y el [Día de Capacitación el 17 de junio](#).

Nuestro equipo principal también dedicó tiempo al bienestar, gracias a una subvención de la Red de Financiadores del Condado de Fairfield del Consejo de Filantropía de CT. Opinion: A Call to Action: Let's Prioritize the Social Emotional Health of Norwalk's Youth

Many of Norwalk's young people are growing up under the weight of academic pressure, social media, everyday stress, and, for some, childhood trauma—all of which impact emotional and mental well-being. While our community-wide efforts have helped reduce depression and suicidality over the past four years, there is still more work to do: only 64% of...

Reconexión juvenil

Contacte personalmente a sus legisladores. Recuérdeles lo que está en juego en relación con la continua desconexión de los jóvenes. Comparta su historia. Inste a que se tomen medidas contundentes para apoyar a los jóvenes y las familias vulnerables.

Contacte a nuestra [Directora de Políticas y Participación Cívica, Kathleen Callahan](#), para que le ayude con su mensaje.

Considere escribir un artículo de opinión (individualmente o con colegas) sobre el tema que más le importa, ya sea sobre mentores para el éxito juvenil, vivienda, educación especial, tarifas de Medicaid o reembolsos para trabajadores de salud comunitarios, o el crédito tributario por hijos. Contamos con personal disponible para apoyar borradores, aportar temas de debate y difundirlo ampliamente.

Nuestra voz colectiva todavía importa y todavía puede determinar lo que se aprueba y se financia.

NOTA: Se debe llegar a un acuerdo presupuestario final antes del 4 de junio, pero se espera que el impacto y la respuesta a los inminentes recortes de fondos federales se aborden en una sesión especial este verano.

Lo básico de Norwalk

WHAT ARE THE BASICS PRINCIPLES?

Science shows that 80% of brain growth happens by the age of three! Beginning from birth, young brains develop like little muscles, getting bigger and stronger the more you and your family interact with your child.

The Basics Principles are five fun, simple, and powerful ways to help all our children aged 0-3 grow to be happy and smart.

Do all five principles every day to help your child become the amazing person you know they can be.

Maximize Love, Manage Stress

Babies and toddlers thrive when their world feels loving, safe, and predictable. Respond with smiles, words, and touch to help them see, hear, and feel your love. You will help them develop a sense of security and self-control.

Who Is Involved?

Lots of people! Partners include hospitals, health centers, schools, community centers, childcare providers, churches, family members, and others.

Talk, Sing, and Point

Babies learn language from the moment they are born. Respond to their sounds, and later, their words. Connect with eye contact and a loving tone of voice, while pointing to help them know what you are talking about.

What If I'm Not a Parent?

You still care about children! Learn about The Basics principles. Encourage parents and caregivers to make sure their children experience all five with everyone who cares for them.

Count, Group, and Compare

Every child's brain is wired for math. Talk about numbers, shapes, patterns, and comparisons as you go about your routines together. Watch your child learn to love math.

How Can I Learn More?

Visit TheBasics.org or connect with us on social media for information on the campaign, opportunities in your community, tips, and videos.

Explore Through Movement and Play

Babies are like scientists who love making discoveries. Watch to see what interests your child, then encourage their curiosity and help them learn when they play and explore.

Read and Discuss Stories

Reading turns kids into confident thinkers. Make books a regular part of your relationship from the very beginning. With infants, point at the pictures and speak with excitement. With toddlers, just make it fun.

"The magic of the NACTS Opportunity Youth Healthcare training pilot lies in the collaborative approach. By bringing together employers, community organizations and young adults at the same table, we've created solutions that address real workforce needs while breaking down barriers that have historically kept talented young people from accessing quality employment. This kind of partnership model is what makes lasting change possible."

Bernie Park
SIP Volunteer Partner Since 2018

"This pilot affirmed what's possible when we center youth, align community partners, and remove barriers to opportunity. It was a powerful demonstration of collective impact in action. Creating pathways to meaningful employment for historically disconnected youth is not just workforce development—it's community transformation. As a trusted long-term partner of Norwalk ACTS, Social Impact Partners brought deep expertise and a shared commitment to equity, helping shape a collaborative model that lays the groundwork for lasting systems change."
