

LET'S TALK ABOUT LIVING DYING & LEAVING A LEGACY

As far as we know, no one secretly wishes they could spend their last breaths in a cold, noisy, impersonal hospital room. Most people say that given the option, they prefer to die at home amongst family and close friends.

Despite this wish, however, few take time to plan or organize this major life course event. Make the commitment to bring a loved one or friend and attend this 75-minute panel event featuring expert panelists who will share the most important things you need to know about living, dying, and leaving a legacy on your terms. This could quite possibly be one of the most important seminars of the year.
