

# GOLF OUTING 2019

The Illinois Basketball Coaches Association was created in 1971 to promote better basketball in Illinois. It is their dream and vision to develop, design and build the Basketball Museum of Illinois to recognize the rich tradition and history of Illinois basketball from the junior high level to the professional game as well as to celebrate current achievement and inspire future generations. Our museum/event center will house the IBCA Hall of Fame, a sixty seat theater, galleries, interactive exhibits, an archive of historical artifacts, a full array of outreach programs and activities.
