

## **NVS 2020-2021 WEB CAMERA CONSENT**

Dear Parent(s):

Given the current situation with COVID-19, please read the following information regarding classroom operation and functionality for the 2020-2021 school year.

New Vista School is offering virtual learning for any student that will **NOT** be attending school in person. Web cameras will be installed in classrooms to live stream instruction for each of your students' classes.

New Vista School is requesting permission for your student to participate in virtual learning on camera and in front of staff and peers. This includes both students at home and at school. It is important to note the following:

- Students may be exposed to other students' behaviors on-camera.
- Students may hear inappropriate language on-camera.
- Students may inadvertently see others in a household while using web cameras for virtual learning.

If consent is not given, please understand that educational opportunities at New Vista School will be limited.

Name of Student: \_\_\_\_\_

### **NO OBJECTIONS:**

\_\_\_\_\_ I hereby grant my permission for my student to be visible on web cameras for instructional purposes.

### **OBJECTIONS:**

\_\_\_\_\_ I **do not** give permission for my student to be visible on web cameras for instructional purposes.
