

Free Reproductive Health Trainings

with CME credit at no cost!

IUD Practicum

Clinician trainers from the LARC Mentoring Program and the Department of Health will conduct a 2-hour practicum on IUD skills. We will use pelvic simulator models to practice inserting and removing different types of IUDs. Our clinicians will also review managing challenges related to IUDs, and will be happy to answer any questions related to LARCs during or after training. Participants will receive 2.0 CME credit hours at no cost.

Time: 12:00-1:00pm

Expanding Reproductive Autonomy and Contraceptive Access: Advanced Patient-Centered Counseling Skills

Join us for a **half-day training** to build your **contraceptive counseling skills**! In this interactive training, you will learn more about the principles of person-centered counseling and learn how to apply concepts like cultural humility in real-world situations. This training is designed mainly for health educators and clinicians who provide contraceptive education and counseling, though anyone who talks with patients may be interested. The skills honed in this training are applicable well beyond contraception. This course is certified for 4.0 CME credit at no cost!

- Sept. 23** Location: Los Duranes Community Center in Albuquerque
Time: 7:30am-12:00pm
- Apr. 13** Location: Albuquerque (exact location TBD)
Time: TBD
