

# Go GREEN at the FREE Electronic Recycling Drive

Sponsored by the Northshore Interfaith Green Team

## ELECTRONICS RECYCLING INITIATIVE

Do you have old televisions, microwaves, toasters and other electronics with cords lying around the house? Or a stash of old batteries you don't know where to bring? If you want to dispose of them responsibly, please participate in the Interfaith Green Team's recycling drive. Six Northshore congregations are partnering with Elite Energy Distribution, a Milwaukee based recycling company, to get Spring Cleaning off to a great start.

**NO AIR CONDITIONERS, DEHUMIDIFIERS OR REFRIGERATORS ACCEPTED.**
