

# Full Arch Made Simple with a Complete Digital Workflow: Streamline Your Workflow with Digital Dentistry

**Dr. Jill Park**

DMD

Course Director

**7 CEU**  
**ONE-DAY**  
**LECTURE**

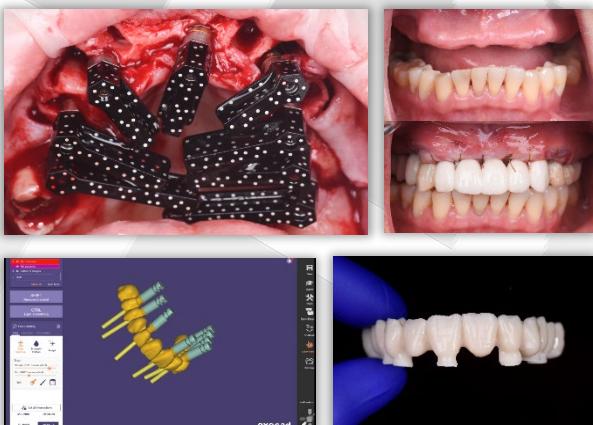

## PROGRAM OVERVIEW

Digital dentistry has transformed full arch treatment from precise planning to predictable prosthesis delivery. This course will guide you through both conventional and digital workflows, showing how modern technology can simplify, streamline, and elevate your practice. Whether partially or fully digital, you'll discover how these workflows enhance accuracy, efficiency, and patient outcomes with less guesswork and greater confidence.

Let's transform the way you plan, execute, and deliver full arch cases and learn how digital technology makes every step easier, faster, and more predictable.

What you'll learn during this lecture:

- Traditional vs. Digital Workflows:** Compare every stage — planning, surgical stents, immediate provisional, final impression, and esthetic try-in.
- Step-by-Step Digital Planning:** Explore workflows for fully edentulous and partially edentulous cases (including collapsed VDO).
- Immediate Provisionals Made Easy:** Deliver predictable temporization with no chairside labor — saving valuable time and effort.

## ABOUT DR. PARK

Dr. Jill Park received her bachelor's degree in Biology from the University of Massachusetts, Amherst in 2008 and graduated from dental school at Tufts University in 2012. She is the owner of the private practice, "JP Dental" in Hartford, CT since February 2016. She is also an active member of Academy of General Dentistry (AGD), International Congress of Oral Implantologists (ICOI), World Congress of Ultrasonic Piezoelectric Bone Surgery (WAUPS), and a Fellow of the Global Dental Implant Academy (GDIA).

Dr. Park is a dynamic practitioner incorporating advanced disciplines in her private practice, including dental implants, periodontal plastic surgery, orthodontics, and full mouth reconstructions. A fellow of the International Congress of Oral Implantologists, and the Global Dental Implant Academy, Dr. Park is currently a lecturer at GDIA and a highly sought speaker and social media influencer. She practices broad scope of general dentistry in Hartford, Connecticut.
