Why you should attend UUCA's Appreciative Inquiry Sessions

Haven't you just been waiting for a chance to speak up about what you really need from UUCA? To be heard? To shape our future toward what you want? Maybe even to further explore what you are thinking, in structured reflection and in conversation with others?

Have you wondered about what "graphic recording" is? Don't you want to see it in action? (Hint: A professional artist will be creating pictures and diagrams of what we say, before our very eyes.)

If so, then YOU are the perfect person to attend this spring's "Appreciative Inquiry" sessions: Sunday, March 10 during each service; longer sessions on Sunday, March 24 (2:00-4:30) and Saturday, April 6 (9:30-noon). Come on March 10 to get us started, and sign up to come to either of the other sessions – [Sign up here](#). These are major community-building events. The ideas that we raise and record on these days will help shape our transition to a new Senior Minister. You want to be a part of that, don't you?

You've been hearing that "We are the church." Well, are we or aren't we? Make it real! BE the church by participating in Appreciative Inquiry.
