After “Beyond Categorical Thinking”

Rev. Keith Kron’s session this Saturday isn’t all. Coming soon—Appreciative Inquiry process—Please join Rev. Terasa, the Ministerial Search Team, and the Transition Team in an Appreciative Inquiry process—a proven technique to envision our future by building on our strengths. Starts March 10.

As part of UUCA’s transition to a new Senior Minister, Rev. Terasa and her transition team, along with the Ministerial Search Committee, will collaborate in presenting an Appreciative Inquiry process in the coming weeks—a proven technique to envision our future by building on our strengths. The process will begin with Sunday services on March 10, followed by two Appreciative Inquiry sessions, on March 24 and April 6, in which we invite your participation. These Appreciative Inquiry sessions will include two questions for consideration by all:

1. How do we want to be with each other in our UUCA community? And
2. How do we want to interact with and serve the larger community of which we are a part.

Please plan to attend the March 10 service and to sign up for one of the other sessions ([sign up here](#)). Each will cover both questions.
