and Center for Excellence in
Developmental Disabilities
at the MIND Institute
Registration, Continental Breakfast, Visit Resource Tables

Welcome, Review of Objectives
Robin L. Hansen, MD, Course Chair, Professor, Department of Pediatrics
Director, Center for Excellence in Developmental Disabilities at the MIND Institute

Keynote Presentation/General Session: Getting SMARTer About Personalizing Interventions for Children with ASD
Approximately 30-40% of children with autism spectrum disorder (ASD) remain minimally verbal, even after receiving years of interventions and a range of educational opportunities. New innovations in behavioral treatment include methodologies that personalize intervention based on child response. In this talk we describe the application of these new methods, called Sequential Multiple Assignment Randomized Trials (SMARTs), to minimally verbal children with ASD.
Connie Kasari, PhD and Tristram Smith, PhD

Break, Move Into Breakout Sessions

8:30–8:45
10:00–10:30
10:30–12:00
12:00–1:00
1:00–2:30
2:30–2:45
2:45–4:15
4:15

Neural Biomarkers for Autism Risk
This presentation will provide evidence for early biomarkers of autism risk. Two potential biomarkers will be discussed: elevated extra-axial cerebrospinal fluid during infancy and rapid head and brain growth during the first years of life.
Christine Nahidah, PhD

Using Implementation Research to Influence Policy and Practice
Efforts to improve policy and practice for students with autism often have focused on where services are delivered, staffing, and issues related to inclusion. While these issues are of critical importance, they do not address the central question of how to ensure that high-quality education and interventions are delivered to students at sufficient intensity and duration. In this session, we will explore how to develop policies and practices that focus on quality of care and outcomes, rather than on where care is delivered and who delivers it.
David S. Mandell, ScD

From School to What? Strategies for Transition Assessment and Planning
This interactive workshop will provide an overview of the steps needed to help youth with disabilities plan and prepare for the transition from school to adult roles. Participants will use case studies to review and practice using transition assessment and planning strategies.
Lauren Landstrom, PhD, and Patrick Dwyer

Visual Supports and Social Narratives: Strategies for Supporting Positive Behavior in the Home and Community
These strategies can be used to support positive behavior in the home and community. In addition, a guided make-and-take will be offered following the session in which participants can develop an individualized set of visual supports to take with them.
Amber Fitzgerald, MA, BCBA

Reducing Disparities in Accessing and Using Services Within the Regional Center System
Data suggest that people of color typically receive less support from governmental and other social services agencies than White, rich and class-based families, along with social vulnerabilities, create barriers to accessing services. In order to resolve disparities, the regional center system must go beyond addressing the barriers themselves, creating sweeping social policy, or other social change to address the use of cultural barriers as a path to equity. This panel will share information about the development of cultural guides to the issues and challenges of access and equity.
Elizabeth Morgan, EdM, Carlos Hernandez, Helen Thomas and Larry Withers

ADHD: A Review of the American Academy of Pediatrics (AAP) Treatment Guidelines and Available Resources for Families and Providers
This presentation will discuss the AAP treatment guidelines for children with ADHD. Evidence based treatments for ADHD will be highlighted. Finally, some resources for clinicians and families will be demonstrated to help improve access to evidence based information about ADHD.
Danielle Scholze, MD

Competitive Integrated Employment Blueprint – Real Work for Real Pay in the Real World
Representatives from the California Departments of Education, Rehabilitation, and Developmental Services will provide an overview of the Competitive Integrated Employment (CIE) Blueprint, aimed at increasing CIE opportunities for individuals with intellectual disabilities and developmental disabilities discuss Blueprint implementation efforts and expected outcomes, and identify the ways local partners are working together through Local Partnership Agreements.
Olivia Reynor, PhD, Brian Winfield, Peter Harsch, Jennifer Bianchi

Brothers and Sisters of People with Disabilities: Unique Concerns, Unique Opportunities
During this large-group discussion participants will learn about the concerns and opportunities frequently experienced by siblings of people with disabilities. Participants will also learn what researchers, clinicians, and siblings themselves say about growing up with a brother or sister who has a disability. Implications for supporting siblings and providers will be discussed throughout the workshop.
Dan Meyer

What’s New in Early Intervention for ASD?
This talk will update the audience on new findings, new methods, and new models for intervening with children with ASD risk or diagnosis in early intervention age range. Recent published studies of interventions from multiple frameworks and these that address various aspects of development or symptoms of ASD will be described and implications for community practice will be highlighted.
Sally J. Rogers PhD

Understanding the Challenges of Young Adults with ASD in Transition Using Innovative Social Network Analysis Approaches
Young adults on the autism spectrum face substantial barriers related to their communication and social interaction challenges as they transition to adulthood. Improving social networks for youth with ASD and their supporters can provide an important safety net that can bridge “the collaboration cliff” youth face during transition. To improve the coordination of supports across the life course, we require new approaches that can track collaboration across settings and enable team members to identify gaps and opportunities for collaboration to reach desired outcomes. Participants will be introduced to social network approaches to measure support networks during transition among young adults, their parents, friends, school staff, community members and professional providers who provide interventions for people on the autism spectrum.
Elizabeth McGhee Hassnick, PhD

Support and Advocacy for Families of Culturally and Linguistically Diverse Communities
Session 2:45 - 3:45
Although autism and development disabilities impact families across ethnicity and culture, there are differences in how various cultures view and treat disability. There also exist different sets of challenges related to stigma, community and extended family acceptance and support and a host of other factors that may contribute to unique contexts for families who have a child with a disability. Leaders of parent support networks will share their insights and perspectives on ways to best support and advocate for their culturally and linguistically diverse communities.
EuMi Cho, EdD, Chioka Grevious, Maribel Hernandez, April Qian

CONFERENCE COORDINATOR
Gwenn Welsch
CMC Specialist
Office of Continuing Medical Education
UC Davis Health
TARGET AUDIENCE
This activity is designed for health care professionals, educators, therapists, self advocates and families/caregivers including physicians, nurses, nurse practitioners, physician assistants, psychologists, occupational therapists, speech and language pathologists, behavior therapists, licensed clinical social workers, marriage and family therapists, special educators, general educators, and school administrators.

EDUCATIONAL NEED
The institute is intended to help participants keep pace with the latest in evidence based treatment, public policy and research on neurodevelopmental disorders and the implications for best practices in prevention, assessment and treatment. The focus is inter-disciplinary and across the lifespan. Conference participants will learn: 1) Current Research on identification and treatment of Autism and other Neurodevelopmental Disabilities 2) Public Policy and Changes to Laws, Regulations and Funding for persons with ID/DD 3) Use of effective, evidence based practices for supporting and providing treatment to individuals with Autism and ID/DD 4) Access to care and advocacy to assist low resource families and communities. This year’s institute will feature speakers from within the UC System and experts from the UC Davis MIND Institute as well as from other organizations, including the Autism Intervention Research – Behavioral (AIR – B) network who will share research, policy information and advocacy skills and strategies with the audience.

EDUCATIONAL OBJECTIVES
At the end of the activity, participants should be able to:
- Explain policy changes and initiatives that are taking place related to disabilities and the potential impacts of new policies on services for people with disabilities and their families.
- Discuss the most current research findings related to early identification and treatments of neurodevelopmental disabilities and autism.
- Describe evidence-based practices and interventions that are established and emerging in neurodevelopmental disabilities.
- Identify and advocate for appropriate services and supports in their communities.

CONFERENCE REGISTRATION
Please register early – space is limited.

Tuition is $220 for Health Care and Other Professionals, $125 for Students (no credit), $125 for Parents/Caregivers/Self Advocates (no credit), $200 for two Parents/Caregivers registered together (no credit). Confirmation of registration will be sent within two weeks after receipt of registration form. The fees will increase after July 13, 2018.

A limited number of family scholarships are available, complete survey to apply (click, or copy and paste the following link into web browser): http://bit.ly/2HmzU8P

Tuition includes continental breakfast, refreshment breaks, lunch, electronic syllabus, and an online certificate of attendance. Tuition may be paid by check, American Express, Discover, MasterCard or VISA. Cash is not accepted. The Office of Continuing Medical Education reserves the right to cancel this conference. In such a case, a full refund will be given.

Registration forms received without payment will not be processed until payment is received, and payment must follow within 10 days. Early discount rates are honored if payment is received by the date noted on the registration form. After that date, the late fee is applied.

Cancellation and Refund Policy: A refund of tuition, less $75 administrative fee, will be allowed if requested in writing by July 13, 2018. No refunds will be provided after this date.

ACCREDITATION
University of California, Davis, Health is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

CREDIT DESIGNATION
Physician Credit: University of California, Davis, Health designates this live activity for a maximum of 6 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

AMA PRA Category 1 Credits™ acceptable for other health care providers
American Speech-Language-Hearing Association Certification: Individuals must request permission from ASHA to use this credit to satisfy continuing professional development requirements. For more information: http://www.asha.org.

Board Certified Behavior Analyst: This educational activity can be used for Type 3 CEUs according to the Behavior Analyst Certification Board (BACB) (self-reporting required). https://bacb.com/continuing-education/

Nurse: For the purpose of recertification, the American Nurses Credentialing Center accepts AMA PRA Category 1 Credits™ issued by organizations accredited by the ACCME. For the purpose of relicensure, the California Board of Registered Nursing accepts AMA PRA Category 1 Credits™ (report a maximum of 6 hours of credit and fill in “CME Category 1” for the provider number).

Physician Assistant: The National Commission on Certification of Physician Assistants (NCCPA) states that AMA PRA Category 1 Credits™ are acceptable for continuing medical education requirements for recertification.

Psychologist: You may petition the California Board of Psychology for CE credit for this activity. Please see http://www psy cho.ca.gov/licensees/ce_reporting_form.pdf for details.

Speech and Language Pathologist: Course meets the qualifications for 5.75 hours of continuing professional development credit for Speech-Language Pathologists as required by the California Speech-Language Pathology and Audiology and Hearing Aid Dispensers Board. Provider No. PDP369

ELECTRONIC EVALUATION AND CREDIT
The link to your electronic syllabus, evaluation and certificate of credit will be available for 30 days after the last day of the conference. Once you have completed the online evaluation, your certificate will be available to print. After 30 days, the link will expire and these items are no longer available online; you must contact the Office of CME to receive your certificate and a $15 administrative fee will be applied.
LOCATION
UC Davis Conference Center
550 Alumni Lane
Davis, CA 95616
http://bit.ly/1NaLPP7

The UC Davis Conference Center is adjacent to the Alumni Center and across the quad from the Robert Mondavi Center for the Arts. If you have any special needs due to a disability as specified in the Americans with Disabilities Act, please call the Office of Continuing Medical Education at (916) 734-5390 so we may make the necessary accommodations for you.

PARKING
Park in the South Entry Parking Structure, Lot VP 1 or Lot VP 2. Parking is $9 and is not included in conference registration fee.

HOTEL ACCOMMODATIONS
Hyatt Place UC Davis
173 Old Davis Road Extension
Davis, CA 95616
(530) 756-9500
http://ucdavis.place.hyatt.com

The Hyatt Place UC Davis is the closest hotel to the campus. We do not have special rates. You may call the hotel directly if you require overnight accommodations.

DRIVING DIRECTIONS
From I-80 West (San Francisco):
• Take I-80 East toward Sacramento.
• Exit the UC Davis exit #71 (just after the HWY 113 interchange).
• Turn left at the stop sign onto Old Davis Road.
• Continue straight past the information booth.
• Turn right onto Hilgard Lane (immediately after the Mondavi Food and Wine Institute buildings) and park in either the structure or the parking lot.
• The Conference Center is east of Vanderhoef Quad from the Mondavi Performing Arts Center at the corner of Old Davis Road and Alumni Lane, and the Alumni Center is on the north side of the Quad.

From I-80 East (Sacramento):
• Take I-80 West toward San Francisco.
• Exit the UC Davis exit #71 (after the Richards Blvd. exit)
• Turn right at the stop sign onto Old Davis Road.
• Continue straight past the information booth.
• Turn right onto Hilgard Lane (immediately after the Mondavi Food and Wine Institute buildings) and park in either the structure or the parking lot.
• The Conference Center is east of Vanderhoef Quad from the Mondavi Performing Arts Center at the corner of Old Davis Road and Alumni Lane, and the Alumni Center is on the north side of the Quad.
