presents an inclusion program for everyone

Music & Art As A Universal Language: Community Celebration

Enjoy the magical rhythms of our combined heartbeats while making artistic & musical connections for a better world

The Michael Boussina Inclusion Program, in partnership with the Jewish Federation of the Sacramento Region and The Library of MusicLandria, is planning this event to celebrate Jewish Disability Awareness, Acceptance & Inclusion Month. The program theme is "We Are All Created in The Image of G-d" - we are all one. We invite people of all abilities, from the entire community, to join us in spreading the joy of music and art as a universal language. Each individual's unique expression helps to complete the circle of humanity as we promote inclusion and kindness. All participants are encouraged to help eliminate barriers and the stigma around our perceived differences as we explore the creative potential inherent in us all. The goal of the event will be to make musical and artistic connections while enjoying the magical rhythms of our combined heartbeats.
