

LIBRARY INSIDERS

● ● ● **Tuesday, September 4 @ 11 a.m.**

Maker Space Tour

Join us for a hands-on tour of Central Library's Maker Space, where 3D Printing, Music, and Virtual Reality are just a few things you can access!

Library Insiders is an **AccessABILITY Program** that provides opportunities for adults with intellectual and developmental disabilities to become familiar with library resources and facilities, to feel comfortable using the library, and to feel confident interacting with staff. We meet in Central Library's West Meeting Room.

Check out the SPL Meetup site for inclusive programming for all ages:
<https://www.meetup.com/AccessABILITY>
