

2024 CDT Code Changes

Effective January 1, 2024, 14 CDT codes have been updated. We encourage every dental practice to invest in a current CDT book each year to accurately communicate dental treatment with patients and payers. It's important to submit a clean claim, which includes submitting current CDT codes. Submitting inaccurate codes can cause delays. See the following table for code updates. If you have questions about submitting a claim, email Provider Relations at ProviderRelations@deltadentalva.com.
