

Products below will be available by March 31. To receive updates, or for quotes or questions, please email [sales@bodypoint.com](mailto:sales@bodypoint.com)

**Product**

<p><b>Redesigned</b> All-in-One Ankle Huggers®</p>	<p>Instead of side-release and hook 'n' loop versions, <b>one</b> style with:</p> <ul style="list-style-type: none"> <li>• “Set and forget” size adjustment</li> <li>• Smoother hook and loop material that won't trap dirt</li> <li>• Easy caregiver fastening, with contrast stitching on a rubber-like end-tab</li> <li>• Suede-like fabric with Achilles cutout that flexes with movement</li> <li>• Low-profile, easy-to-operate ErgoLatch™ buckle on either side</li> <li>• Softer, wrinkle-free CORDURA® edge binding and pad fabric, to protect skin</li> <li>• Denser webbing for improved handling, now 1" for all sizes, for convenient installation</li> </ul>	
<p><b>Upgraded</b> Chest Belt</p>	<p>As compared with the current leather end tab, a new molded rubber end tab is easier to grasp, yet lower-profile.</p>	
<p><b>Redesigned</b> Seat Tube Mounting Bracket Kits</p>	<p>Two new options will replace the current Seat Tube Mounting Bracket Kit, adding flexibility. Made from heat-treated steel, with a 90° version for top mounting and 20° version for side mounting. Each kit includes a pair each of brackets, screws and washers.</p>	
<p><b>New</b> Hardware Kit</p>	<p>Includes common clamps, wrenches, brackets, T-slot fastener kits, hardware gauge and poster, and other products to make it easier to mount belts and harnesses for the widest possible range of wheelchairs and users.</p>
