

Parent Volunteers Needed at

I am pleased to tell you that our class has been given the opportunity to visit JA Finance Park, presented by Transamerica. This practical, hands-on budgeting field trip experience is brought to us for FREE by Junior Achievement.

We need your help!

As a volunteer, you will assist a group of 6 to 12 students navigate the world of personal finance as they assume the role of an "adult for the day." Students will immerse themselves in a reality-based simulation to practice individual and family budgeting including housing, transportation, food, utilities, health care, investments, philanthropy and banking. You will answer questions and offer feedback to students about their choices and offer examples of how their choices may impact them in real-life.

You do not need any special financial skills or budgeting knowledge in order to volunteer. To make sure you are prepared for a fun volunteer experience, a volunteer training will take place at JA Finance Park at 8:00 a.m. before students arrive. Prior to the field trip, students will be going through curriculum that prepares them for the day. Our ability to participate in this exciting field trip depends on our ability to recruit volunteers.

If you are available to join us on this educational and exciting field trip please let me know!

Volunteering at the park is fun and easy!
