Greetings Everyone,  
Councilwoman Clayton has informed me that The Housing Authority Office at the Boston Way Village will be open every day this week between 11am and 2pm to accept donations for Kamauri, and they are available to extend further if required. This is great! The office is located on Sylvan Ave. If you are coming from the beach you would make a left on Sylvan Ave., If you are coming for Atkins Ave. you would make a right. Please try to swing by this week if you can. It was a pleasure to run into Joe Grillo today, as we were both stopping by to drop off donations. Thank you again everyone. Please scroll down to see my previous email which includes the list of items that can be donated.

Greetings,

Thank you to those who have already responded to let us know that you plan to give to Kamauri and those who have already given monetarily. Kamauri is a four-year-old child who was shot Tuesday while playing outside her home in Asbury Park.

We now have a drop-off location for those that would like to donate to the family. I would like to thank Councilwoman Yvonne Clayton for helping to make these arrangements.

Items can be dropped off at:

**Location: Asbury Park Housing Authority Office**

(entrance on Sylvan Ave)

**Date:** Monday August 24, 2020

**Time:** 11am-2pm

Kamauri is still in the hospital, but when she does come home, she will be coming home in a body cast and the following items would be appreciated so that she can recuperate in comfort.

Please Note: her grandmother describes her as a girly girl, and she likes unicorns

- Pajamas (Size 5T, 6 and 7)
- Some little toys, coloring books, dolls, etc.
- Cards would be nice
- Food

**Please Note:** She will also need diapers, wipes, nightgowns, and dresses because that is all she can wear over that cast. In sizes 6 or 7 to be big enough to go over the cast.

She also has a twin sister, and many have expressed wanting to give to her as well, her name is Kamani.

If you would like to give monetarily you can CashApp her mother Drasia at \$twinsoverfriends

I would also like to thank her Godmother Dominique for assisting us in getting the information we needed

Thank you, ALL & God Bless,
