

RECOVERY Roadmap

A PLAN FOR BUSINESS RECOVERY IN CHARLOTTESVILLE

Please join us to ensure that your voice is heard as we craft practical solutions to help recover the Charlottesville economy. The Office of Economic Development will continue its listening group process by convening a third meeting of business stakeholders for another facilitated, virtual conversation. This meeting will be slightly different than the first two, so we invite you to join us again even if you attended before!

Please register in advance. After registering, you will receive a confirmation email containing information about joining the meeting.
