

Radnor Democrats Support Harrisburg's "Fair" Funding Formula!

And they want YOU and other Radnor voters to pay for it!

What is the Fair Funding Formula?

The formula is Harrisburg's method to calculate the funding Radnor schools receive. It takes Radnor taxes away from our school district and uses them to fund schools in other parts of PA.

How does this affect me?

Radnor will see a declining amount of future state funding and local taxes will need to be raised in response. To mitigate the effect, Radnor may be forced to cut teachers, courses, facilities, or other activities not deemed necessary by Harrisburg

What can I do?

On November 5th, vote for a team dedicated to keeping our taxes in Radnor, holding Harrisburg accountable for its unfunded demands, delivering the cutting edge of academic tools, and supporting our teaching professionals

Radnor School Board

Paid for by Radnor Republican Campaign Committee

- The Radnor School Board is currently comprised of 5 Democrats and 4 Republicans
- The four seats held by the Republicans are up for election on November 5th
- Decisions made by the school board have a lasting impact on each student's academic, social, and physical success, and on our property values
- We encourage Radnor voters to consider the need for balance on the school board, and the benefits of having diverse representation
