## TESTIMONIALS

*"The day of the event, Grace not only arrived early to greet our attendees, it was like she had known us forever. That special rapport allowed our constituents to achieve trust and candor in a very short period of time, freeing us all to absorb Grace's engaging skills and expertise. Course content was a valuable blend of theory and practical tools, techniques and role play. The session was fun, high energy and the evaluations were stellar. The only negative feedback we received was not having more time!"*

*"As busy professionals with many demands on our time, it is often easy to make excuses of why there is not enough time and resources to sharpen our coaching and leadership skills. Grace is able to cut through those barriers and inspire leaders to be our best versions of ourselves through the art and technique of coaching."*

— DENA JENSON, DIRECTOR, CENTER FOR NONPROFIT LEADERSHIP, CALIFORNIA LUTHERAN UNIVERSITY

*"The Chamber of Commerce Hawaii works with Grace as a guest speaker for business related events, conferences, seminars and more. She is such a gem that we go out of our way to create events just for her to speak at! She has the ability to capture a large crowd's attention and simultaneously make every single person feel like she is talking directly to them. She has the unique ability to connect on a personal and professional level, where attendees leave empowered to be better individuals both in their professions and in their personal lives."*
