

# MATH SUMMER IXL

## How to find my Summer Boost Plan:

It's VERY IMPORTANT to sign in using an internet browser rather than an IXL Mobile App. The app does not show the student dashboard where the Summer Plan will be pinned!

- 1.) Sign in using your username and password.

Username:

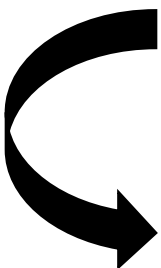

Password:

- 2.) You'll be taken to your personal dashboard, featuring your "pinned" Summer Boost Skill Plan.
- 3.) Once you click on the plan, you'll be shown 20 different skills for you to complete over the summer.

## Important Reminders:

- IXL exercises can be completed in any order, at your pace.
- Some exercises may have been completed over the course of the previous school year. It is required that you complete these exercises, again.
- IXL Summer Boost Skill Plans are considered "complete" when the CHALLENGE ZONE is reached. It is not necessary to solve the problems in the Challenge Zone.
- You will be completing the IXL Summer Boost Skill Plan for the grade you are entering in the new school year!
  - Ex: If you just completed fifth grade at the end of the '24-'25 school year, you will work on "rising 6<sup>th</sup> grade" skills.
