

# Parent Listening Session

We want to hear from parents/caregivers who have children in early childcare through school age (K-3rd) regarding your experience in early childcare education.

The National PTA states, “Listening sessions provide families the opportunity to express their opinions, share ideas and tell their stories... they provide helpful feedback and engage the community in a meaningful discussion.”

Our vision is -

Give power back to the parents/caregivers by empowering families and promoting meaningful change through actively engaging in policies.

We are rooted in our commitment in equal & comprehensive education for every child (birth to 5); believing no one has to be a fighter to be heard in being a child's 1st advocate so that children can thrive with unwavering support.

**Wednesday, March 19, 2025**

**6:00 pm - 7:30 pm**

**Cincinnati CAA Rooms 304 A/B**
