Across

5 A kind of sparkly wine, sometimes nonalcoholic.

7 At the stroke of this hour, people cheer to welcome in the new year.

9 People will make one of these with a tip of a champagne glass before making a speech reflecting on the old year.

10 People use these to create a small, explosive noise to ring in the new year.

11 People will consider a list of things they resolve to do for the new year, such as changing a habit or starting a new activity.

12 A glass containment filled with sand that, when it runs out, it equate to a full hour.

13 As the year end, it's time to get a new one to tell you the current month of the new year.

Down

1 Considered the first month of the new calendar year.

2 A verb meaning to think about something with deep consideration, usually in light of the events happening in the past year.

3 You fill these up with helium and use them as decorations indoors or outdoors for any occasion, especially New Year's.

4 People come together for a social enjoyment in order to acknowledge an occasion such as New Year's.

5 People do this when the last ten seconds of the old year is called out.

6 Considered the last month of the calendar year

8 People use these to make a ruckus when the new year arrives.
