Who We Are:

Orange Friends Church is a community with a long history of loving people around them and connecting them to Christ. We average 70-100 in attendance on Sunday mornings, and are in a geographic area that has grown rapidly and seen significant economic expansion. Our facility, geographic placement, and growing communal heart to see people come to faith in Christ have positioned us well to see God move through our church in the coming years. We are a full member church of the Evangelical Friends Church – Eastern Region (EFC-ER), an evangelical, Christ-centered faith community with roots in historic Quakerism.
