

Diocese of Bridgeport School COVID Testing Program  
In partnership with MyCatholicDoctor and Progressive Diagnostics

COVID PCR testing is now conveniently available through the Diocese of Bridgeport schools. Testing is available for all students, and families, including household members who do not attend school. The shallow nasal PCR test is painless and results are available in 24-48 hours. In most cases, insurance will pay for COVID testing without a copay.

Getting tested is simple:

- 1) **Complete a brief telehealth visit with MyCatholicDoctor.** You can do this from home or at school on any smartphone, computer or tablet. Make an appointment online at <http://mycatholicdoctor.com/ctcovidtesting>, or use your school's immediate access school telehealth computer.
- 2) After the visit, your MyCatholicDoctor provider will provide you with a link to register and make an appointment at a Progressive Diagnostics testing center.

**Progressive Diagnostic Testing Centers**

<b><u>BRIDGEPORT</u></b> The Catholic Center 238 Jewett Avenue Queen of Saints Hall Bridgeport, CT 06606	<b><u>WILTON</u></b> Our Lady of Fatima 229 Danbury Road Wilton, CT 06897	<b><u>DANBURY</u></b> Immaculate High School Retreat Center 71 Southern Blvd Danbury, CT 08610
--	--	--

- 3) You will receive via email a registration link to a Progressive Diagnostic secure portal where your results will be uploaded in 24-48 hours after testing.
