

# Personalized Learning Informational Resource Parent Pack

Inside this packet you will find the digital resources your students use in school that will be available to them over the summer.

# What is Clever?

“In simple terms, Clever is your school’s digital learning platform, one friendly place for resources, communication, and instruction. With **single sign-on** (SSO), everything is one click away for your community of students, families, and educators. And it works the same at school and at home.”

## Get to know Edmentum Exact Path!

Have you heard of the summer learning slide? Studies show that when students don't engage in learning activities over the summer months they could lose up to two months of math and reading skills. Keep your students engaged in fun learning experiences that will set them up for success the following school year.

This summer, we are using an online learning program called Edmentum **Exact Path**. This exciting digital tool personalizes learning across **grades 2-8 in reading, language arts, and math**. It starts by targeting each student's academic strengths and weaknesses with an adaptive assessment, and then it prescribes a tailored playlist of lessons, practice, and short quizzes at their learning level.

## Where can my student find his or her work?

Your student will primarily work within his or her unique **learning path**, which is based on assessment results for each available subject. Within a learning path, no more than four skills will display at once. Each skill could consist of a lesson, practice, and a quiz. Outside of the learning path, a student might also receive additional **assignments** from a teacher. Each assignment will have a specified due date.

## How will the learning path change as my student keeps working?

After completing each set of skills displayed in the learning path, a short Progress Check will be unlocked. This will assess a student's understanding of the skills he or she just learned and determine if additional review is needed or if the student is ready to move ahead. If the student does not master a skill, he or she may receive a prerequisite skill known as a Building Block to help shore up foundational concepts. Additionally, your student's teacher will be notified.

## What now?

If you've never logged in before, you'll log in and get started with the diagnostic assessments. Its important students do these on their own to ensure they get content tailored to their needs.

Please contact the personalized learning team at [personalizedLearningTeam@diobpt.org](mailto:personalizedLearningTeam@diobpt.org) if you have questions or need support once the school year ends.

You can [view the student guide here](#).

**Step 1:** Visit <https://clever.com/in/diobpt>

**Step 2:** Select "Log in with Google" and enter your login details:

User Name: your student email

ex. [asmith24@school.org](mailto:asmith24@school.org)

Password: your student email password

**Step 2:** Select the rainbow "e" to get in to Edmentum Exact Path.
