

## SoCalREN Multifamily Program

### Property Owners and Managers

Looking to lower your multifamily property's operating costs and other ongoing expenses? Now with our innovative funding option, the money you save in the future on energy costs is used to pay for new equipment you can install and use today. See how the SoCalREN Multifamily Program can help you reduce monthly utility costs. For more information on eligibility requirements for your property, please visit our [website](#).

### Contractors

You can grow your business when you participate in the SoCalREN Multifamily Program. By becoming a Participating Contractor, you can offer customers incentives to make energy efficiency upgrades to HVAC, lighting, and water heating systems. Learn more about becoming a Participating Contractor today by clicking [here](#).
