

# SoCalREN Multifamily Program

## Property Owners and Managers

With the SoCalREN Multifamily Program, you can add value to your property and reduce maintenance costs—even while social distancing! Learn how the Comprehensive Common Area approach can help you make energy efficiency upgrades in a safe and simple way. For more information on eligibility requirements for your property, please visit our [website](#).

## Contractors

Calling all Contractors! Stand out from your competition by offering multifamily property owners \$1,200 per unit to make energy efficiency upgrades. Learn more about becoming a Participating Contractor today by clicking [here](#).

## Financing

**COMING SOON:** The SoCalREN Multifamily Program offers convenient ways to access below-market rate financing for your energy efficiency upgrade projects. Contact us if you would like to be notified when the Multifamily Program financing option opens for applications.
