

All,

Please join us for our second and final building tour of 2021. Dang Covid. This month we're taking a behind the scenes tour of the MMH Heart and Vascular Center. You may remember originally touring this building with former AIA-SV President Jeff Hammond back in 2019 when Phase 1 was little more than steel, slabs and some rough framing. All phases of the facility were finally completed in May of 2021 and we're bringing everyone back to see the final result.

**Event Description:**

A behind the scenes tour of the award winning MidMichigan Health - Heart and Vascular Center. We'll be touring all 3 floors featuring numerous cardio health clinics, offices, cardio gym, expansive open healing spaces, imaging rooms, and neurology/sleep disorder rooms. The event will kick off with a short 15-20 minute presentation by our sponsor Robert Miller with Basteel Perimeter Fencing before we work our way up the building for roughly an hour. Afterward, those interested can join us on a short 2-3 minute drive to Entrée Amigos for dinner.

**Event Location:**

MidMichigan Medical Center Midland – Heart and Vascular Center  
2660 West Sugnet Road  
Midland, MI 48670

[Link to Google Map](#)

\*Meet in the main lobby on Level 1 by the coffee cart/water feature. Please note that masks are required and you may have to undergo a temp check and short verbal questionnaire to enter the building.

**Dinner Location:**

Entrée Amigos  
2600 North Saginaw Road  
Midland, MI 48640
