Program:

We will be taking a tour of the new Cardiovascular Diagnostic & Testing Center. Note: The AIA Saginaw Valley received a construction tour at the October meeting. The project was a joint design by Hord Coplan Macht and Three Rivers Corporation. TRC is also the constructor. The building is a 3-story, 170,000 SF building that consolidates outpatient cardiovascular, neurology clinics, and imaging into a single location at the Midland campus. The building is being built in two phases; Phase 1 opens in early summer 2019 and Phase 2 is scheduled to open in summer of 2020.
