or email	<b>dwaltrun@gmail.com</b>

***Bring your Business Card for to enter the door prize drawing***

The Michigan Chapter of National Producer's Council was chartered in 1932 to promote the use of quality products in the construction industry. It is now The Producer's Council of Michigan. Council Members are noted for the reliability of their product data, the excellence of their service and the quality and dependability of their products. Members are carefully screened prior to acceptance into the Council. To achieve this, the Council maintains a close working relationship with architects, designers, engineers, specification writers, contractors and facility managers, by hosting monthly luncheon meetings. At these meetings, products are introduced and their applications are explained and demonstrated. Our final goal is EXCELLENCE in the industry.
