

Dear Preservation Ally,

The Michigan Historic Preservation Network is leading the charge to get Michigan's historic tax credits reinstated, and we need your help. We have formed the MI Impact Coalition to help advocate for this game-changing piece of legislation that will preserve the history, culture and beauty of our state's historic places. Over the coming months, we will need your help to reach out to legislators and urge them to support House Bill 5178 and Senate Bill 469. We are also asking that you let us know if we can include you or your organization as a member of MI Impact. There is no financial ask or other cost to join us in standing up for preservation!

We also have launched social media pages on which we will share photos and stories of places that have been saved by the tax credit in the past and places that need the tax credit to be saved for the future. You can follow us on Facebook at [www.facebook.com/MIImpact2018](http://www.facebook.com/MIImpact2018), on Twitter @MIImpact2018 and on Instagram at @MIImpact. To help us show the beauty of Michigan's historic places and further illustrate the need for these tax credits, we're also asking that you send us photos and details about buildings that have been saved or need saving. Please e-mail them to [dan@vandykehorn.com](mailto:dan@vandykehorn.com).

We will be in touch in the coming weeks as we formally roll out our big media push for this campaign. We appreciate your help, your support and your photos!
