

Put your Heart in Treasure House Fashions

We're approaching our 25th anniversary! That's HUGE! As we reflect on what we've done and on what we want to do, we know we haven't done it alone and we can't continue to make an impact without a village of supporters.

We want to fulfill our dreams:

to make our facility fully accessible,
to create a workforce development area,
and to establish a solid foundation for sustainability
to continue to serve women in our community experiencing challenging journeys.
