

Shop Our Wish List!

Heart to Heart food pantry is blessed to have the resources to provide food and personal care items to our client neighbors. As a Mid-Ohio Food Collective (MOFC) partner agency, we have the opportunity to purchase these items at a steep discount. Through MOFC's Direct Retail Pickup and Shop-Thru programs, we can also receive perishable goods at no additional cost. But it takes more than stocked shelves to operate our food pantry! Consider supporting our work through the donation of supplies that are used regularly at Heart to Heart. From appliances and equipment to markers and grocery bags, every material donation received allows us to direct more of our financial resources to the purchase of groceries for distribution to clients.

You can now make material donations by shopping online! Amazon.com allows you to purchase and deliver directly to Heart to Heart with the click of a few buttons. Using your smart phone camera, hover over the QR code and tap the link to open our Amazon Wish List. Scroll through the items and add them to your shopping cart as you would at any online retailer. When you checkout, choose to have items sent directly to us! Amazon already has the delivery instructions associated with our account, including days and hours that we accept deliveries.

We will regularly update our Amazon Wish List at h2h.FCchurch.com/wishlist
