

Pictures from my travels.

Me at Checkpoint Charlie, now just a photo opportunity.

A view of Dresden rebuilt. The dome in the background is a church they only finished rebuilding in 2005. I went inside and there are cracks already.

With a knight in shining armor at the National History Museum (Germanisches Nationalmuseum) in Nuremberg.

On the balcony of the cathedral in Nuremberg. I got a behind the scenes private tour when I showed up in a Pilgrims of Hope t-shirt from the Mother Cabrini Shrine.

In Nuremberg Old Town

With a Holy Year 2025 candle in Nuremberg. They gave me a private tour when they saw my shirt from the Mother Cabrini Shrine!

On the balcony of just one of the palaces at Prague Castle. I'm wearing a necklace my dad made out of a shell.
