  - Three (3) Emergency Showers/Eyewash Stations
  - Fire Alarm and Security Cameras
  - Multiple Emergency Panic Buttons – Flashlight and Audible Alarm

Old Odor Control System

New Odor Control System

Community Impact:

- The AOCP aligns with the objectives and recommendations of the Odor Control Master Plans 2005 and 2019
- High Operational Efficiency
- Enhanced air quality by reducing Hydrogen Sulfide and other odor producing gases
- Maintains strong relationships with residents and businesses
- Health and safety improvements
