

**Northern Virginia Resource Center
for Deaf & Hard of Hearing Persons**

Support for Deaf and Hard of Hearing People and their families and friends

NVRC provides a variety of services (mostly at no cost) to support deaf and hard of hearing individuals and their families. Services include: training and education; technical assistance; hearing screenings; information about legal requirements, including accessibility and sign language interpreting; a wide variety of social programs and workshops; and a warm and welcoming community of caring people who understand the challenges facing individuals and families that experience communication difficulties. NVRC has a tech demo room for visitors to view and try out various assistive technological options.

Our Mission is “To empower deaf and hard of hearing individuals and their families through education, advocacy, and community involvement.”

Please check out our webpage at www.nvrc.org and contact us for more information or to make an appointment to visit us. And you can check out or subscribe to our weekly eNews about our various programs, current events, and much more.
