

Cyber Security & 800-171

Thursday, October 24, 2019

National Cybersecurity
Awareness Month

The NCMA Greater Johnstown Chapter along with the JARI Procurement Technical Assistance Center (PTAC), in honor of National Cyber Security Awareness Month, would like to invite you to join us on Thursday, October 24, 2019, for a great workshop to be presented by Dr. Kevin Slonka, Precision Business Solutions and Brian Shrift, Gryphon Technologies, Inc.

NIST 800-171 is a special publication released by the National Institute of Science and Technology (NIST) aimed at "Protecting Controlled Unclassified Information (CUI) in Non-Federal Information Systems and Organizations", though the recommendations apply to most other industries via various laws (HIPAA, etc.).

- ⇒ Do we have to comply?
- ⇒ Penalties of non-compliance
- ⇒ How compliance affects you (and why it's not so bad)

Want to learn more?

Guests and Non-Members are Welcome!
