### **Testimonial from Connie Lucas, Life Wave Presidential Director**

*I had been dragging around life-long beliefs of feeling a lack of abundance, and safety. In the first session with JJ Joshua, we addressed so many things. It was very freeing! I gained a sense of inner peace and completion that I had never had before. By the third session I was in awe of how many issues I had really put to rest. This work with JJ also positively shifted many of my relationships.*
