

## A Breakthrough In Affordable Stem Cell Technology

**Problem:** By age 35, you have lost over 50% of your Stem Cell Activity  
By age 65 you will lose almost ALL of your Stem Cell Activity  
Sadly... the less Stem Cell Activity you have...  
the *FASTER* you Age and the *SLOWER* you Heal

**Solution:** Thanks to a Historic Breakthrough in Stem Cell Patch Technology, you can Activate Your Own Stem Cells...without painful and expensive injections... to help you *LOOK... FEEL... PERFORM... and LIVE YOUNGER!*

**Affordable:** Costs as little as a cup of coffee per day

**Typical Benefits:**

- Rapid Pain Relief
- Improved Sleep
- More Energy & Vitality
- Improved Skin Appearance
- Increased Mental Clarity
- Accelerated Natural Wound Healing
- Reduced Inflammation
- Enhanced Sports Performance
- Faster Recovery from Exercise
