Dear _____,

Congratulations on your decision to join LifeWave and our LiveYounger Team & Community.

You are now in business for yourself but not by yourself... and valuable training and support are readily available for you.

In addition to Company Tools, Training and Events, our **LiveYounger Team** has created and provides a powerful **Success System** with additional powerful and valuable tools, training and support for your growth and success every step of the way.

The best way to get your new LifeWave Business off to a good start, we suggest you just take the first three steps outlined in **Your Homework** below at a time and gradually plug-in, learn and use our simple and duplicatable LiveYounger Success System... you and your business will grow and prosper. You can see the full list of components in our Success System on the home page of our team's training website, LiveYoungerSuccess.com

Going forward, your job is simply to give people enough information to initially pique their interest ... and then to make an informed decision about "their" best way to get started.
