WALKING IN MERCY 2022

KBI's Education team along with [Kino Teen](https://www.kinoborderinitiative.org/close-people-kbi-2/) chapters, from five high schools throughout the state of Arizona, convened February 12th at Salpointe Catholic High School for our 7th annual Walking in Mercy summit. Students participated in a collective art project, where each school decorated a tree to represent a migrant's journey. Part of the program included: a virtual chat about asylum with migrants in Nogales, MX, breakout sessions to learn more about immigration law, trainings on how to raise awareness on campus, a VISA simulation to understand the various hurdles that migrants face as they navigate the U.S. immigration system, and the celebration of the Holy Eucharist!
