RENEWAL
with PaperWorks
SONORAN COLLECTIVE FOR PAPER AND BOOK ARTISTS

OCT 23 - NOV 30

Reception: SUN, NOV 2 | 2-3:30PM

Tucson J Fine Art Gallery

Renewal is the process of beginning something again after having stopped for a period of time; to bring new life and energy to replace something old; or to seek improvement, advancement, or an improved outcome. The renewal process can be found in the arts and sciences, in technology, and in nature.

Artists often experience the concept of renewal as they approach their work, seeking change, improvement, or enhancement. This exhibition challenges artists to first look backwards and then forwards. This circular perspective will provide artists with insights to change, enhance or re-energize their work.
