

COVID-19 vaccines are available for all ages!

Community HealthCare System clinics have COVID-19 vaccines available by appointment.

Our clinics can vaccinate anyone age 6 months and older. Please note:

- Our clinics offer the Pfizer vaccine for ages 6 months to 11 years and for ages 12 and up; parental consent is required. We also offer Moderna and J&J vaccines for ages 18 and up.
- Pfizer vaccine requires three doses for ages 6 months to 4 years and two doses for ages 5 and up.
- Pfizer vaccine can be given along with other immunizations.

Call one of our clinics for an appointment today!

Vaccines can protect your family from severe illness. Our staff is happy to answer questions.

Cost: Vaccine administration fees apply, but patients will incur no out-of-pocket costs. Please bring your insurance card. If you are uninsured, CHCS will bill to government programs designed to help pay for vaccines.
